COMMUNITY GROUPS

Join Nexus Energy Center, the U.S. Space & Rocket Center TVA and the community as we celebrate the opening of Huntsville's 'Energy Greenway' walking trail to support & encourage people to choose more sustainable, 'greener' ways of living.

Kick off earth month with us & walk or run the new trail! We'll have fun, energy-related activities, great community organizations to discover and opportunities to learn about clean energy solutions, including the Nexus Energy Center Tiny Green Home!

VOLUNTEER Want to volunteer? Contact us at: volunteer@nexusenergycenter.org
